Brittle shade
Angel
Son of manmade things
This love was written in waters that roar
This love that stops at nothing
That kills as it stings
This love that stops at nothing
That kills as it stings
It kills as it stings
This love you have no use for
This love you have no use for
That's written out in waters that roar
All the other characters wink
It's later than you think
It's always later than you think

Grainy
Grey and rainy
Wonders never cease
In the night of my human shape I saw
Everybody's holding something back
They all want release
Everybody's taking up the slack
They all want a piece
They all want a piece
Of this love you have no use for
This love you have no use for
That's written out in waters that roar
All the other characters wink
It's later than you think
It's always later than you think
