Candice Morganauer's gone to join
The quick and the dead clever
Tonight we're seeing her final film
Her crowning endeavor

She washed herself for years
In mouthwatering praise
But, we all know she never grew up
She just shrank sideways

Yesterday was fine, I've forgotten it somehow
Last week wouldn't even show up on radar now
Yesterday was fine, I've [Incomprehensible] it
somehow
Last week wouldn't even show up on radar now
Last week wouldn't even show up on radar now

Winnie the obscure
He's weighing his own heart
He's been sleeping like Calvin Coolidge
To keep himself apart

And now he's crying
"Old Drella is dead and I, I didn't feel a thing"
And Jude the Pooh with a landslide smile, replies
"All the more power to him"

Under the roofs and the gutters up above
Even the sparrows are burning up with human love
Under the roofs and the gutters up above
Even the sparrows are burning up with human love
Even the sparrows are burning up with human love

Night of the light, it's falling over Gringley-On-The-Hill
Powders are on the plantation wind over Dallowgill
We reach the doors to the doubtful city
They close as if in pain
Out on Howard Devoto Boulevard
I remember you and me, we're kissing in the rain

And it's all so gone and this could never last
I'll stay with you, I'll stay with you against the past

It's gone, it could never last
I'll stay with you, I'll stay with you against the past

I'll stay with you against the past
I'll stay with you against the past
I'll stay with you against the past
