It's opening night  
Let's give them their money's worth  
May this show run and run  
Till it falls off the edge of the earth  
Put on your make-up  
Powder puff adder of mine  
Dusk is upon us  
Switch on that shining sign

I am a major prophet  
I'm heaven and hell bent strong  
I am the height of a sign  
Wide of the mark  
Deep as the amazon

I must impress on them  
This opportunity  
It'll be too late  
By the time they put me on tv  
I feel sharp  
I feel blunt  
A precision instrument  
I really gleam  
Watch me bite on a bullet  
And spit out a limousine

I am a major prophet  
I'm heaven and hell bent strong  
I am the height of a sign  
Wide of the mark  
Deep as the amazon

Feel my wild sadness blowing down  
Feel my wild sadness blowing  
All the way down

I stand before you  
In full possession of the facts  
I make no use of effects  
No use for clever counterbalancing acts  
I've broken every bone of meaning  
In this body and this soul

I've bought knowledge  
At the cost of a complete loss of self-control

All the truth you can bear  
Is yours to take away tonight  
- the longer you leave it  
- the more there's to leave  
Like you, I once saw  
Those pretty colours in black and white  
- you've got to get it over with  
- stop being naive  
Strangers to truth and to fiction  
You will remain  
- if I meet you at the fountainhead  
- I'll win you downstream  
Walk away if you like  
You've only yourself to blame  
- I'm not talking eyewash  
- I'm talking strychnine

I am a major prophet  
I'm heaven and hell bent strong  
I am the height of a sign  
Wide of the mark  
Deep as the amazon

And I simply may be evil  
I simply may be evil
