All my life people telling me just who I am.
They don't wanna know.
They don't really understand.
Too many people trying to tell me to be practical.
Only think that I am one dimensional.
But I can feel it there's a fire raging underneath.
Running through the pages.
Here I am coming clean.
I'm sick of lying to myself.
Gotta live the truth.
Now I got to do what I got to do!

This is where I should be!
(There ain't no other place yeah!)
Where my soul really speaks
(There ain't no other way!)
I can feel it save me move me change me
Gotta go where the music takes me
Let It set me free!
You've Got to Believe!

Is it a crime to just be who I wanna be?
I need some space so that I can chase all my dreams.
Cause when I hit the stage anything is possible.
I get lost in the song and that is magical.
So crank it up feel the rush.
Then just turn me loose.
I want to feel the inspiration that is coming through.
And there's a wilder place where I feel so alive.
When I start to sing you just cant deny!

This is where I should be!
(There ain't no other place yeah!)
Where my soul really speaks
(There ain't no other way!)
I can feel it save me move me change me
Gotta go where the music takes me
Let It set me free!
You've Got to Believe!

When everybody's Gone.
And Im here All Alone.

(I dont gotta hide, I dont gotta Try)
You got to understand.
That this is who I am.
And its where I shine.
And its where I shine!

I know this is where I should be.
(There ain't no other place yeah!)
Where my soul really speaks
(There ain't no other way!)
I can feel it save me move me change me
Gotta go where the music takes me
Let It set me free!
You've Got to Believe!
This is where I should be!
(There ain't no other place yeah!)
Where my soul really speaks
(There ain't no other way!)
I can feel it save me move me change me
Gotta go where the music takes me
Let It set me free!
Let it set me free.
Let it set me free!
You've Got to Believe!
