No you can't see me  
No you can't beat me  
You know I'm on my game  
That's when I'm in my shades

See the cameras flashen  
In the party and it's time for action  
Your the main attraction  
Hey, in my shades

Pull up in a spot lookin hot  
Everybody knows  
Don't got no stress  
And my haircut's freash  
So fly in my fancy clothes

Yeah they wanna take my picture  
Watch out, those light'll get ya  
And they callin your name  
That's when I'm puttin on my frames

I'll tell them watch me now  
Lil mama how you like me now  
On the dance floor we can work it out  
And bring this whole place down

Better stand up, hands up  
Big boy in my stance like and what  
So get on the floor  
Show'em what you came here for  
No you can't see me  
No you can't beat me  
You know I'm on my game  
That's when I'm in my shades

See the cameras flashin'  
In the party and it's time for action  
Your the main attraction  
Hey,in my shades

Yeah, when you wanna watch me, watch this  
And when you watch T.V. watch Chris

'Bout to have the whole place jumpin'  
Cameras flash and you know the base bumpin'  
Shade on like a rockstar  
And I'm bustin out the best moves so far  
Feel the air from the speakers  
So so freash from my head to my sneakers

Turn the beat up on the radio  
I'ma keep my frames on till I'm ready go  
Go, going, gone I is  
You ain't never ever heard a song like this

If you ain't know better, get so ideas  
Baby, you should holla at your boy right here  
And if the girl wanna get crazed  
You can find me in my shades  
No you can't see me  
No you can't beat me  
You know I'm on my game  
That's when I'm in my shades  
Hey, hey

See the cameras flashin'  
In the party and it's time for action  
Your the main attraction  
Hey,I'm in my shades  
No you can't see me  
No you can't beat me  
You know I'm on my game  
That's when I'm in my shades  
See the cameras flashin'  
In the party and it's time for action  
Your the main attraction  
Hey,in my shades

Yeah.....

One more time

(Drum solo)
