I'm everything you want to be
Everybody comes to me, and
In the end you know you're coming
To the one that's real

Like a truth that comes around
You will always let me down
Using me as only you can do

Pull me in and say goodbye
Wipe your lips with wicked lies
Close my eyes and peel my skin
Open wide and suck me in!

Dark and cold it comes to me
All your futures mine to see
And dirty webs you tried to weave
Too much for you to hide

When the mourners of your mind
Whisper in the funeral line
I'll be the one that's standing by
To give the Eulogy

Pull me in and say goodbye
Wipe your lips with wicked lies
Close my eyes and peel my skin
Open wide and suck me in!
