We want we need
Is that all we ever really think about?
Forgive forget
Think we'll find a way to work it out?
Feel so helpless doesn't anybody really give a
Damn you do damn you don't
Who you'll touch and who you won't
Hurt me hurt you cause you know
I really haven't got the time to play.

Everyday every minute anyway anyhow
He's watching you
Everyday every minute anyway anyhow
He's watching you Watching you
Watching you!!!!

Tell me would you ever think about it
When all that we've got it's gone
Tell me do you even care about it
That we're flying too near the sun

We have, we greed
Never dare to take the time and stop to doubt
And as you bleed, who'll stop the hurting now?

Everyday every minute anyway anyhow
He's watching you
Everyday every minute anyway anyhow
He's watching you Watching you
Watching you!!!!

Tell me would you ever think about it
When all that we've got it's gone
Tell me do you even care about it
That we're flying too near the sun

You can't think, can't touch, can't feel, can't hide
Can't run from the things that you can't deny
You can't smoke, can't drink, can't fuck, can't breathe
Can't fly from things that
You can't deny
