Coming out the Continental
Walking into Pandora's eyes
Arsenic-coated, sugar fine
Technicolor in black design
Lips are lined with love from him
Just like a stain from all that secret sin

Pandora's playground
Is tumbling down
All "do it or die," Pandora's a lie

Watch her as teh prey walks in
It's like winding up a decorated doll
Dancing on his little finger
Walking off a cliff she built so high
Got so tired of trying to catch you
Bleeding it off, bleeding it off, monumental strife

Pandora's playground
Is tumbling down
All "do or die," Pandora's a lie

Go on, take a piece of her now
Go on, try to reach her somehow

Pandora's playground
Is tumbling down
All "do or die," Pandora's a lie
