Oh Granada I see  
From the land to the sea  
Like a bird in the sky  
I stare down your view  
Oh Granada, are you slipping away?  
Oh Granada I feel  
That I'll never be free  
And I'll never set my feet  
Back down on your ground  
Oh Granada, you are slipping away  
I must incinerate  
Every word that spews from those pretty lips  
I must incinerate  
It's not the end of the line, it's the end of the world  
Oh Granada I see  
Through your eyes runs a gleam  
But it's fading so fast  
I can hardly believe  
That Granada, that you'll never be real  
Oh Granada you are  
Just a vague ancient star  
In the head of a man  
That will never go far  
Oh Granada, for a time you were real
