The feeling of hatred i feel about the one i love,  
This feeling of hatred which is hurting me,  
This feeling i like only you arouse it in me,  
Thanks for what i feel for you...Paradoxical love!  
Thanks for hurting me,  
Thanks to making me survive.  
My skull's fracturing above you,  
It spurs waves of love in which i was drown,  
I open my spirit's doors.  
You met me when i was wrong,  
I'm sorry for my wrong-doings,  
I lost you because of my errors of youth,  
You shown me the way, you were my marine light.
