Hollywood never looked so great, but I will  
be leaving,  
before you start sleeping

Now that my face is frozen  
with expressions I've chosen, and I'm  
nowhere close to my own city

But it was all night at parties  
and now we are starving, but I'm  
still no where near the city, so

I try to keep sane,  
but this goddamn place is a freeway  
I will not make it to see  
your face

Too much shit at your workplace,  
so you start to vacate to a place  
near the city

Where you make up your problems  
and tell me to solve them, but I had  
spent my time sleeping, yeah

What is your point, lover?  
let's see what we can uncover

It seems to me that we're in

I couldn't all just end it  
simply put, you were quite offended

I try to keep sane  
but this goddamn place is a freeway  
I will not make it to see  
your face

Cuz what ever happens it's  
supposed to  
what ever happened is

nothing I could do
