Well I gotta say this one time
So she feels it
And if you run back up that coast
Well I guess then I'll believe it

But run, run
Spit those words with your tongue
Shout them back at the sun
And I know you too well
Too well, for this shit

On my way home
Still wishing I was
Inside your bedroom
Just talking shit for the hell of it
Yeah all the best nights
So hurry up, hurry up
Goddamn this just feels right
Yeah it kind of feels like

It was never the same
Like we claimed it
And if you gotta go, then go
I couldn't change it
Well I never would have wished on this girl
To be out my world
And I know you too well
Too well, for this shit

On my way home
Still wishing I was
Inside your bedroom
Just talking shit for the hell of it
Yeah all the best nights
So hurry up, hurry up
Goddamn this just feels right
Yeah it kind of feels like

One mistake
I would never change
I want it all now, want it my way

'Cause she knows how I work
How I run, my insides
'Cause I will second guess
Everything about me
You're the only one that could see
How fucking crazy
I was starting to be
Yeah so pull me right back down, lady

On my way home
Still wishing I was
Inside your bedroom
Just talking shit for the hell of it
Yeah all the best nights
So hurry up, hurry up
Goddamn this just feels right
Yeah it kind of feels like
