You're dragging your feet in the mud
So your shoes are stained with blood
I wonder, when will she get here?

One by one they will fall
But you grind your teeth 'til they're raw
I wonder, does it get any better?

We'll be up in the desert
Wearing these proud new sunburns
We're on our own time now
Don't you ever look back down

She's nowhere to be found
I'm pulling my hair out my scalp
When I realize
Who would've thought I

Sing one song for this girl
Wherever she is in this world
Helps you realize, now or the next life

We'll be up in the desert
Wearing these proud new sunburns
We're on our own time now
Don't you ever look back down

We'll be up in the desert
Wearin' proud, these sunburns
We're on our own time now
Don't you dare look back down

Yeah don't ever say you have it
Thinking like that can be tragic
So let me take it from the start
And how you fell apart

Yeah how it all went from perfect
To throw it all in, let's burn it
So take what you need
I'm going back to those punches

Yeah I guess I finally feel like I deserved it
And I gotta make a point, no I gotta make it worth it
Cause if it happened, it happened, you know
You can't change that, it'll sure eat you alive
Gotta let it go, man

Yeah, we'll be up in the desert
Wearin proud, these sunburns
We're on our own time
Don't you dare, don't you dare

We'll be up in the desert
Wearing these proud new sunburns
We're on our own time now
Don't you ever look back down

We'll be up in the desert
Wearin proud, these sunburns
We're on our own time now
Don't you dare look back down
