I saw Jesus on your back  
He's starting to scream  
Yeah he's screaming, "No, oh, oh no  
You've got to believe me"  
So I whispered softly

I got this girl here by my side  
What else do I need?  
You've got your wars up in their minds  
So they can hardly see  
But I'll be singing for free

With love  
Happy, my love  
Got this all in my blood  
Need her close enough  
Like oh

I just followed the birds right to the coast, hoping  
She would follow my footsteps like some kind of ghost  
Whispering close  
We're not here for long, let's live for this week 'cause  
I'm so god damn sick of losing my sleep, yeah  
She'll be my defeat

With love  
Happy, my love  
Got this all in my blood  
Need her close enough  
Like oh

Love  
Happy my love  
They said it came from above  
Yeah, that's where it's from  
Oh

'Cause when I'm dead and I'm gone  
Just burn me up to the sun  
I got a couple more years here  
I want nothing but you, dear

Yeah, when I stare at the ceiling  
Five o'clock in the morning  
I got one thing that's on my mind  
Got so much to do before we die  
Yeah if I survive

So live it up kid, live it real good  
As you should  
We both know, we could be gone tomorrow  
So tell me what keeps you up at night  
Keeps you from closing your eyes, yeah  
Keeps you alive

Love  
Happy my love  
Got this all in my blood  
Need her close enough  
Like oh

Love  
Happy my love  
They said it came from above  
Yeah that's where it's from  
Come
