Well yeah, yeah we should be just fine  
Oh yeah, yeah did you see all that light  
Come on let's pour some out for our close friends  
Yeah happy golden days, darling  
I got what I wanted  
I think you look quite perfect

Once more 'cause you're close to me  
I want to hear it from your pearly teeth  
I want to hear you sing, I want to hear you sing it  
Come on sing out, Ooh  
Come on sing out, Ooh

But yeah, yeah you exposed my lies  
But yeah, yeah you got more to find  
So pour one up real strong for our good friends  
Yeah happy golden days, darling  
Was this what you wanted?  
I could have settled for half of it

Once more 'cause you're close to me  
I want to hear it from your pearly teeth  
I want to hear you sing, I want to hear you sing it  
Come on sing out, Ooh  
Well now we got it good, now we got this good  
So come on sing out, Ooh  
Like the way we should, like the way we should

Well I guess I never planned it  
Really never could stand it  
But you're looking quite nice  
Wrapped up in that moonlight  
So I'll say that we disappeared  
Yeah, somewhere near  
And become whoever the hell we want to  
No I'll never judge you, fuck that

Once more 'cause you're close to me  
I want to hear it from your pearly teeth  
I want to hear you sing, I want to hear you sing it  
Come on sing out, Ooh

Well now we got it good, now we got this good  
So come on sing out, Ooh  
Like the way we should, like the way we should  
'Cause I got your words when you're around  
My only head and my own mouth  
But if you want, I'll spit them back out, spit them right  
out  
To tell the truth, I'd like to keep you right
