Of course you're all crazy  
everyone believes  
I watched the blood spill overseas  
all from the TVs, but

I could give, I could give a shit  
if you're scared  
everyone  
everyone can taste your hatred.

Yeah we clean up so well  
sure as hell like a picture  
money speaks back to her.

Just stay with the VIPs  
limousines  
it's all in the photography  
and the parties.  
Now that you're here,  
I guess we made it  
I saw the fear  
it covered your faces.

I can see, I can see this  
never changes  
everyone  
everyone can taste your hatred.

So I told you  
I know how this ends  
you're no different girl  
we could still pretend, and  
you got carried away  
in your own dress-up  
I disappear with  
some other actress.

Yeah we clean up so well  
sure as hell like a picture  
money speaks back to her.

I believe, I believe her  
I love what I am seeing  
guess I'll call it a reason.  
(no you gotta go)

Yeah we clean up so well  
sure as hell like a picture  
money speaks back to her.

I believe, I believe her  
I love what I am seeing  
Guess I'll call it a reason.  
(no you gotta go)
