Every morning I wake up and make breakfast and send
the kids off to school*
And every night before I go to bed we all say a prayer
for you,
Lord don't let her forget about us, Nooo
Lord don't let her forget about us
Every morning I wake up and make breakfast and send
the kids off to school
And every night before I go to bed we all say a prayer
for you,
Lord don't let her forget about us, Ohh Nooo
Lord don't let her forget about us (forget about us,
forget about us)
