Lalalalalala la la  
We gon' put some people back together today ha  
Lalalalalala la la  
Somebody gon' thank me after this song man  
Lalalalala la la  
Matter of fact, I'ma thank me right now  
Lalalalala la la ohhhhhhh

Girl I apologize I'm to blame  
And I can't sympathise with your pain  
If I could I'd make it go away  
But I can't  
So I concentrate on more realistic things  
Like questioning:  
Is there anything here worth salvaging?

### BRIDGE

Is it over?  
How do we go about deciding?  
Do we add up all the good times then divide them  
By how many times we hurt each other?  
Or do we just ignore the numbers and vow right now to  
never ever take asunder?

### CHORUS

Let's stay together  
Can we agree to just disagree?  
Let's stay together  
Don't do it for the kids do it for me  
Let's stay together  
I'm tired of all this making up and breaking up  
Let's stay together (together)  
Let's stay together yeah

Girl I can't justify what I've done  
Ain't got no reasons why not even one  
I Pray to God what seems like every morning for the  
sun  
To shine on us just one more time  
And Let me hold you in my arms and we'd just cry

### BRIDGE

Is it over?  
How do we go about deciding?  
Do we add up all the good times then divide them  
By how many times we hurt each other?  
Or do we just ignore the numbers and vow right now to  
never ever take asunder?

#### CHORUS

Let's stay together  
Can we agree to just disagree?  
Let's stay together  
Don't do it for the kids do it for me  
Let's stay together  
I'm tired of all this making up and breaking up  
Let's stay together (together)

(Aight' you wanna make me say it you wanna make me  
say it)

See if you leave  
(I would not die physically)  
But emotionally  
(Might as well bury me)  
For I can't be the man I should have been  
Before all of this happened  
But if we hold on  
(And ask God for direction)  
Where we went wrong  
(We can make the correction if we)  
Just stay strong  
All of our up and downs  
Fully come around  
And there will be nothing that can shake us  
Nothing that can break us  
We will stay together

#### CHORUS

Let's stay together  
Can we agree to just disagree?  
Let's stay together  
Don't do it for the kids do it for me  
Let's stay together  
I'm tired of all this making up and breaking up  
Let's stay together (together)

(Put ur hands together man)

[Lyfe talking:]

This is where it all comes to a head at  
Are all these years worth nothing,  
Is it over?  
You don't wanna be with him, he don't wanna be with

you.  
Hell you done made some mistakes too.  
He done made some mistakes you done made some  
mistakes before man,  
Work it out man.  
And you dudes out there  
Anybody can be slick at talking  
Anybody can be slick at talking, man  
Try to be slick at listening, man  
Your work is at home  
It ain't in the streets, it's at home  
So get there, get there  
And stay there.
