[RAP]

Shorty!

What you mad for?

I dont know too many that go to sleep in Chanel and
wake up in Fendi

You know what it was before you hopped inside my
Bentley

And everything was good as long as I kept spending
But I'm gonna keep it hood, see you I can do without it
you wonder why we call you bitch, think about it
Go holler at your man, maybe he can support ya
Love dont live here , I aint got notin for ya

[1st Verse]

First things first girl stick that attitude in your purse
straighten up your face before i pull over

Ain't nothing cute about walkin' home from work
Check yourself

Now number two

You're my only lady baby, that's the truth

So you can sit and pout until your face turn blue

I will kill a brick and drown a drop of water about you
But there's one thing i can't do

[CHORUS]

Can't force you, I cant force you

To slow down slow down slow down

You're my one and only i ain't tryin to mess around

You're just trippin, you gotta

Slow down slow down slow down

Can't force you, I cant force you

To slow down slow down slow down

You're my one and only i ain't tryin to mess around

You're just trippin, you gotta

Slow down

[2nd Verse]

When I was a tyke

A brother taught himself how to ride a bike

But once i got the hang of it i rode all night
I said that to say
This relationship is gonna have it's good and bad days
It's like fallin off and getting back on again
But no poppin' wheelies til we got our balance
I cant handle this

[CHORUS]

Can't force you, I cant force you
To slow down slow down slow down
You're my one and only i ain't tryin to mess around
You're just trippin, you gotta
Slow down slow down slow down
Can't force you, I cant force you
To slow down slow down slow down
You're my one and only i ain't tryin to mess around
You're just trippin, you gotta
Slow down

[RAP]

What up with all these allegations
Shorty all is well
Accusations about my situation, callin my cell
Take a step back, relax, chill, pause exhale
You're the reason i aint got no bars on my cell
You must think I'm in this booth spittin these bars for
my health
For every action there's a reaction , cause and effect
Good times and bad
times and badtimes, whatever cards are dealt
You need some help cuz I

[CHORUS]

Can't force you, I cant force you
To slow down slow down slow down
You're my one and only i ain't tryin to mess around
You're just trippin, you gotta
Slow down slow down slow down
Can't force you, I cant force you
To slow down slow down slow down
You're my one and only i ain't tryin to mess around
You're just trippin, you gotta
Slow down
