### "Us (Interlude)"

Every morning I wake up and make breakfast and send  
the kids off to school  
And every night before I go to bed we all say a prayer  
for you,  
Lord don't let her forget about us, Nooo  
Lord don't let her forget about us  
Every morning I wake up and make breakfast and send  
the kids off to school  
And every night before I go to bed we all say a prayer  
for you,  
Lord don't let her forget about us, Ohh Nooo  
Lord don't let her forget about us (forget about us,  
forget about us)  
*[Fade out]*
