If you're lookin' for me right now
Don't call my phone
I'm up in the studio
I'm up in the studio

And if you're lookin' for me right now
I'll be somewhere writin' this song up in the studio
Yeah, I'm up in the studio

I might have money and material things
It don't mean nothing
If I don't got you (you)
Every girl in the whole world screaming my name
It all means nothing if I don't got you (you)

Baby girl, this is all some heart felt shit for real
'Cause your boy got feelings too (Your boy got feelings too)
Your boy got feelings too (Your boy got feelings too)
And baby girl, this is all some hard felt shit for real
'Cause your boy got feelings too (Your boy got feelings too)
Your boy got feelings too (Your boy got feelings too)

And whooaaa
I feel like a dummy
A real big dummy

And whooaaa
I need your lovin'
I need your lovin'

Now I can take me a trip into outer space
And it will be irrelevant if you're not there
Or I can win the lottery tomorrow and be rich as hell
It will be irrelevant if I can't share

And baby girl, this is all some heart felt shit for real
'Cause your boy got feelings too (Your boy got feelings too)
Your boy got feelings too (Your boy got feelings too)

And baby girl, this is all some hard felt shit for real
'Cause your boy got feelings too (Your boy got feelings too)
Your boy got feelings too (Your boy got feelings too)

And whooaaa
I feel like a dummy
A real big dummy

And whooaaa
I need your lovin'
I need your lovin'

The only one I wanna be with is you-ou-ou-ou-ou (you)
Is you-ou-ou-ou-ou (you)
So come back to me (come back to me, yeah)
The only one I wanna be with is you-ou-ou-ou-ou (you)
(It's only you)
Is you-ou-ou-ou-ou (you) (Baby, it's you)
So come back to me (come back to me, yeah) (So come back to me, yeah)

And baby girl, this is all some heart felt shit for real
'Cause your boy got feelings too (Your boy got feelings too)
Your boy got feelings too (Your boy got feelings too)
And baby girl, this is all some hard felt shit for real
'Cause your boy got feelings too (Your boy got feelings too)
Your boy got feelings too (Your boy got feelings too)
