Oh baby...  
Studio monkeys  
Studio monkeys

( CHORUS )  
How much can do a nigga gotta spit  
Just to get you on my team  
Oh you got me spittin' it  
Oh you got me spittin' it... yeah

How much change do a nigga gotta spend  
Just to get you on my team  
Oh! you got me spendin' it  
Oh! you gon' have me spendin' it

(1st verse)  
I was in my chevy on the block  
When I saw u walkin' by  
And I had to do a u-turn  
Speed up and pull over  
Maybe I can take u out for a date  
We can chat over some wine  
Twenty grand I can blow through  
But I'd rather get to know u  
And I see that your smiling  
Doesn't mean that u like what I'm saying oh baby  
All you gotta is tell me

( CHORUS )  
How much can do a nigga gotta spit  
Just to get you on my team  
Oh you got me spittin' it  
Oh you got me spittin' it... yeah

How much change do a nigga gotta spend  
Just to get you on my team  
Oh! you got me spendin' it  
Oh! you gon' have me spendin' it

( 2nd Verse )  
Your the prettiest thing that I ever seen 'round here for

sure  
And that's not a compliment  
That's just the truth (the truth)  
Anything you want for me all u gotta do is ask  
Cause I'm poppin' rubber bands  
No you don't need no other man  
And I see that your smiling  
Doesn't mean that you like what I'm saying ooh baby  
All you gotta is tell me

( CHORUS )

How much can do a nigga gotta spit  
Just to get you on my team  
Oh you got me spittin' it  
Oh you got me spittin' it... yeah

How much change do a nigga gotta spend  
Just to get you on my team  
Oh! you got me spendin' it  
Oh! you gon' have me spendin' it yeah

( 3rd )

Now break down,  
Break down,  
Break down,  
Break it down (talk about it)  
Ooh yeah...  
And I see that your smiling  
It must mean that u like what I'm saying oh baby  
All u gotta is tell me

( CHORUS )

How much can do a nigga gotta spit  
Just to get you on my team  
Oh you got me spittin' it  
Oh you got me spittin' it... yeah

How much change do a nigga gotta spend  
Just to get you on my team  
Oh! you got me spendin' it  
Oh! you gon' have me spendin' it... yeah!
