I was a man who always played around in love

So quick to take
But so afraid to give enough.
But now
I've found the one
And heaven will only know
What only my eyes can say and time can't take away.

I was a girl who trusted no one with my heart

And the dreams that young girls dream were just
vanishing in the
Dark.
But now
I've found the one
And heaven will only know
What only my eyes can say
They say -

That I will take you forever

And there will never be anyone else in my heart but
you.
And I will take you forever

And there will never be anyone else but you
Anyone else but you.

Now my touch belongs to you and I will always be your
best friend

Now my secrets are safe with you and the magic will
never end.
Now you are the one
And heaven will only know
What only our eyes can say
They say -

That I will take you forever

And there will never be anyone else in my heart but
you.

And I will take you forever

And there will never be anyone else but you
Anyone else but you

Anyone else but you.

That I will take you forever

...

That I will take you forever

...

That I will take you forever
