Listen baby, baby listen  
I know I was wrong  
I made you leave  
Trouble, oh I was in trouble  
If I told you how, would you believe

But your eyes see right into my soul  
That's how I feel  
Here with you I lose my self-control

It's gonna rain anyway  
Nothing matters now that you're here by my side  
It's gonna rain anyway  
All I want to do is to move my body with your body  
I can't wait until the storm is over  
It's gonna rain anyway  
Nothing matters now that you're here

Don't stop, honey, honey don't stop  
I just wanna dance, dance with you  
Let's go honey, honey let's go  
Leave the bags behind  
My dream came true

Something's going on inside of me  
Because, you see  
Something in your eyes has set me free

It's gonna rain anyway  
Nothing matters now that you're here by my side  
It's gonna rain anyway  
All I want to do is to move my body with your body  
I can't wait until the storm is over  
It's gonna rain anyway  
Nothing matters now that you're here

I just got to get strong again  
I can't run away from all the pain  
I'll find strength and race into the rain  
To the rain  
Anyway

It's gonna rain anyway  
Nothing matters now that you're here by my side  
It's gonna rain anyway  
All I want to do is to move my body with your body  
I can't wait until the storm is over  
It's gonna rain anyway  
Nothing matters now that you're here  
It's gonna rain  
Oh, it's gonna rain
