Workin' at corner pickin' up shows  
Waitin' for my time to come  
Workin' at corner workin' to put  
Butter on my piece of bun

Workin' at corner pickin' up shows  
Waitin' for my time to come  
Workin' at corner workin' to put  
Butter on my piece of bun

Steppin' a stompin' I'm all gone  
Gimme the tone and I'm all gone  
Yah I'm working by the line  
Not here but in my mind

I'm working a sweat but its all good  
I'm breaking my back but its all good  
Cause I know I'll get it back  
Yah I know your hands will clap

And i'm workin', yah I'm workin'  
To make butter for my piece of bun

And if you say I'm not OK then that's to go  
If you say there ain't no way that I could know  
If you say I am too high from down below  
Well say you're not cause when i'm gone  
You'll be calling but I wont be at the phone

And I'm hangin' around till its all done  
You can't keep me back once I had some  
No wastin' time to get it right  
And you will see what I'm about

Ya I'm workin' a sweat but its all good  
I'm breaking my back but its all good  
Cause I know I'll get it back  
Yah I know your hands will clap

And if you say I'm not OK then that's to go  
If you say there ain't no way that I could know  
If you say I am too high from down below

Well say you're not cause when i'm gone  
You'll be calling but I wont be at the phone

Workin at corner Pickin up shows  
Waitin for my time to come

And if you say I'm not OK then that's to go  
If you say there ain't no way that I could know  
If you say I am too high from down below  
Well say you're not cause when i'm gone  
You'll be calling but I wont be at the phone

And if you say I'm not OK then that's to go  
If you say there ain't no way that I could know  
If you say I am too high from down below  
Well say you're not cause when i'm gone  
You'll be calling but I wont be at the phone
