Rober Earl this friend of mine
You know he's always lookin' after my best interest
He told me, Lyle P. you need to get some action
And get your head back in line
You need to, to get out on your own boy
This hangin' around here's got to stop
Get out on your own boy
And take a little trip to the record shop
I said, "The record shop"
But Robert I don't need no records
He just smiled and he said, "What you need is a"

A record lady
(Record lady)
Record lady
(Record lady)
She got the cutest little cartridge
That you've ever seen
She's a phonographic dream

I didn't waste no time about it
I put on my coat and shoes
I packed up my old rocking chair
And I left them hell on church street blues
And I went down to the record shop
What else could I do
She was five foot one and three quarters
Lord, she claimed she was five foot two
And she looked at me with her big green eyes
She said, "Can I help you find something"
I said, "What you got on special"

Record lady
(Record lady)
Record lady
(Record lady)
She's got the cutest little cartridge
That you've ever seen
She's a phonographic dream

While acting very sophisticated
I began to browse around

I walked up to the record lady
And I said I sure do like what I have found
But it would be so beautiful
Please come away with me
We could run down to Istanbul
Or maybe even gay Paris
She looked at me with her big green eyes
And she said, "Can I help you find something"
I said, "What you got on special"

Record lady
(Record lady)
Record lady
(Record lady)
She's got the cutest little cartridge
That you've ever seen
She's a phonographic dream
A phonographic dream

One day you know I will see
My phonographic fantasy
In sweet fulfillment to the last detail
Down in Acapulco
Even somewhere else
Just her and me together
The whole day long
And her and me together
Playing them records all night long

She's the record lady
(Record lady)
Record lady
(Record lady)
Record lady
(Record lady)
She set it spinning mama
(Record lady)
Never stop
Record lady
(Record lady)
Record lady
(Record lady)
