I can feel it burning in my soul
I hate you more than you could know
I should have seen this coming from the start
Cause every time it falls apart

Whoa-oh it's just a little bit better
Whoa-oh it's just a little bit better
Yeah I still hate you now

I wanna lay you down in gasoline
Light a match start over clean
Words you spoke still linger on my head
I wish I would have walked instead

Whoa-oh it's just a little bit better
Whoa-oh it's just a little bit better
Yeah I still hate you now

I just wanna take it all back now

Whoa-oh it's just a little bit better
Whoa-oh it's just a little bit better
Whoa-oh it's just a little bit better
Yeah I still hate you now
Yeah I still hate you now
