"Letting Go"

I don't wanna argue anymore
I can't change you
I don't understand what we're fighting for
So much to lose
I never thought that I would get this far
And now I can't believe
You walked away from it all

You said goodbye to what we had
And stole forever
You only loved me in my head
I should know better
I can't believe the things you said
Your words run so cold
I'm letting go

And only you
Can make this go away
And only you
Can make me feel this way
I'm not angry anymore
Another lesson learned
Forgot all about what we we're fighting for

You said goodbye to what we had
And stole forever
You only loved me in my head

I should know better
I can't believe the things you said
Your words run so cold
I'm letting go

Someday you will realize what you've done
Someday you'll wake up alone

You said goodbye to what we had
And stole forever
You only loved me in my head
I should know better
I can't believe the things you said

Your words run so cold
I'm letting go
