Bullet proof and talkin' like Nixon
I don't know just what you're thinkin'
No way that I'm goin' back again
Can't hear the words you're speakin'

What is this, just stop wastin' all my time
I'm just tryin' to get it right

Still here standin' in the shadows
Torn and jaded, feelin' so cold
The sun won't climb through all your black skies
No one's buyin' when you're sellin' your soul

What is this, just stop wastin' all my time
I'm just tryin' to get it right

The world is spinnin' out of control
But it seems we can't let go
Tell me was it all for show again

What is this, just stop wastin' all my time
I'm just tryin' to get it right
What is this, you're out of sight I'm out of mind
I'm just tryin' to get it right
