Got a nasty disposition, always lookin' for a thrill  
Been attacked with every bar stool, and never paid my  
bill  
Sellin' drugs inside the school yard, in every nightmare  
that you dream  
I'm always in and out of trouble, I'm the fear inside the  
scream  
(Pre chorus) Don't second guess me baby, hang out  
with me I'll make your head  
Head spin round  
Take my advice and listen, cos I'm lyin' and cheatin'  
and beggin' and screamin'  
So look out!  
(Chorus) No good, will ever come from lovin' me, no  
good, I'll never treat you  
Right, no good, forget about your worries baby, hold on  
and get ready to ride.  
I'm in the evil in the bible, go to church but never pray  
I'm a sister with a habit, I'm a preacher never saved  
I'll stay out late and come home early, gonna rain on  
your parade  
I'm the finger on your trigger, better watch what you say  
(Pre chorus)  
(Chorus)  
Solo  
Oooooohhhh yeah  
Filthy reputation, I'm the tears your gonna cry  
Got a glove box full of warrants, I'll abuse you 'til you  
die  
(Chorus)  
(Fade out solo)
