Sweet sugar your love is so cool
You got me wicked confused
I wanna punch your lights out
When the lights go out
I'm helpless, Stupid, Turned on
I got one screw loose but i don't know witch one
And i should turn and run
Instead i come it feels I'm flyin' closest thing to dying
Almost worth your lying

You make me lose it
See I'm junky love for you
And i cant believe i turned into this
When instead i should kick your....
You know what I'm talking about
Sacrificing myself and it feels so good
I believe i can quit you leave by myself
Tonight (junky love for you)

Sweet sugar got me face down
I'd kill you but that's coping out
Its like my mouth is screaming
But nothings coming out
The word abused has been used
Too many people confused
And i spotted then that i wont use these words
excuses since these little voices I've made my own
choices

You make me lose it
See I'm junky love for you
And i cant believe i turned into this
When instead i should kick your....
You know what I'm talking about
Sacrificing myself and it feels so good
I believe i can quit you leave by myself
Tonight (junky love for you)

Yea I'm junky love for you
Junky love junky love for you
Oh I'm keeping it for you
Craving you baby for you

I'm helpless, Stupid, Turned on
I got one screw loose but don't know witch one
And i should turn and run
Instead i come it feels I'm flyin' closest thing to dying
Almost worth your lying

You make me lose it
See I'm junky love for you
And i cant believe i turned into this
When instead i should kick your....
You know what I'm talking about
Sacrificing myself and it feels so good
I believe i can quit you leave by myself
Tonight (junky love for you)
