Your world
Your bliss
Your hush
The feel
I long
To touch

Unbroken light surrounds you
And with your eyes

You AWAKEN me
To life that I have to breathe
You AWAKEN me
So I'm holding you
Holding you endlessly

The warmth
The sun
The crush
Your look
The wait
Too much

The flame of life within you
That fills my eyes

You AWAKEN me
To life that I have to breathe
You AWAKEN me
So I'm holding you
Holding you endlessly
