"Sleeping With Victor"

We've been cool for a little while
It's been the most fun I've ever had
She does her thing, and I do mine
I try not to treat her so bad (girl)
Tired of relationships of envy and greed
What we got is OK (yeah)
She don't need to depend on me
I'll be there end of day (well)

CHORUS:

She was sleeping with Victor and it's cool
(LDH - it's all cool, yeah)
All my friends they say I'm such a fool
(LDH - they don't know, yeah-hey-hey)
She's been sleeping with Victor and it's fine
(LDH - everything is fine)
They don't know that she'll always be mine
(LDH - always be)

She told me she was no angel
And that she liked to be with girls
"So do I" was my short reply
"Let's make the best of this world!" (yeah)
Little Victor would come and do
Doing things so naturally
Turn on, plug in, all right
Little Victor on

CHORUS:

She was sleeping with Victor and it's cool
(LDH - it's all cool, hey hey)
All my friends they say I'm such a fool
(LDH - Oh they say that I'm a fool, but they don't know)
She's been sleeping with Victor and it's fine
(LDH - everything is so fine, so fine)
They don't know that she'll always be mine
(LDH - always, always, hey-ee-ay-ee-ay, yeah)

She was sleeping with Victor...
(LDH - oo lemme watch you baby, yeah yeah yeah)
She was sleeping with Victor...

(LDH - oh... want you babe)

BRIDGE:

Oooo-oo-oooo!

They don't know about you, Victor!

Oooo-oo-oooo!

They don't know about you, Victor!

Oooo-oo-oooo!

(LDH - they don't know a thing about you, they don't know)

They don't know about you, Victor!

(LDH - about you, yeah)

Oooo-oo-oooo!

(LDH - they don't know a thing about you, they don't know)

They don't know about you, Victor!

(LDH - 'bout... you..., yeah)

CHORUS:

She was sleeping with Victor and it's cool

(LDH - it's cool, babe... yay!... all right... cool babe)

All my friends they say I'm such a fool

(LDH - they don't know... say that I'm a fool, but you're cool, babe)

She's been sleeping with Victor and it's fine

(LDH - sleeping... everything, everything is fine)

They don't know that she'll always be mine

(LDH - for all they know... always be mine... oh-hoh-oh, you'll still be mine... cha-cha-cha!)
