(Bill Hayes - Lee Hayes)

It's starting to snow and you ought to know
By the presents on his sleigh
It's a hint that Santa Claus
Is just a whistle and a whisker away.

So when everyone's good in your neighborhood
In school or out at play
It's a hint that Santa Claus
Is just a whistle and a whisker away.

So you better listen to your mom
And your daddy too
Santa comes but once a year
Make sure he comes to you.

When silver bells chime you know it's a time
For that happy day
When sleigh bells jingle ole Kris Kringle
Santa will be a whistle and a whisker away.

--- Instrumental ---

It's starting to snow and you ought to know
By the presents on his sleigh
It's a hint that Santa Claus
Is just a whistle and a whisker away.

A whistle and a whisker away...
