Beggars can't be choosers anyhow  
Here I am I'm waiting at your feet again hoping that a  
crumb of love might fall  
Wishing you'd give all your love to me but then  
beggars can't be choosers after all  
Hand me down your hand-me-downs I don't care old  
left-over kisses I'm not proud  
I'll take any love you think you can spare beggars can't  
be choosers anyhow  
[ steel - guitar ]  
Why can't our love be the way it used to be that would  
take a miracle I guess  
Maybe you've forgotten oh baby this is me begging one  
more chance for happiness  
Hand me down your hand-me-downs...  
I'll take any love you think you can spare beggars can't  
be choosers anyhow
