(Van Morrison)

By the side of the track where the train goes by
Where the name will catch you and you will sigh deep
in your heart
Then you'll come a runnin' to me um hum
You comin' a runnin' to me, yeah, yeah.

When you watch that train go around the bend
Playin' dust and dreams that will never end deep in
your heart
And you come a runnin' to me
Yeah, you come a runnin' to me, well all right.

I said hey, come runnin' to me, oh come runnin' to me
Hey yeah, come a runnin' to me
I said hey come runnin' to me oh come runnin' to me
Hey yeah, come a runnin' to me.

With your hands down by your side
And your arms just open wide
I wanna keep you satisfied till the mornin' sun is beside
my side
Come on, come on run well alright.

Hey come runnin' to me, oh come runnin' to me
Hey yeah, come a runnin' to me
I said hey come runnin' to me oh come runnin' to me
Hey yeah, come a runnin' to me.

Hey kick the sand up with your heels
Think to yourself how good it feels
And say farewell to your walkin' shoes
And you come a runnin' to me.

Yeah yeah you come a runnin' to me all right
And you come a runnin' to me...
