(If this is love the whole world is in trouble)
I've been thinking quite a lot about you and I we don't
get along no matter how we try
Seems to me we're always fighting always hurtin'
People say that this is love but I'm not certain
If this is love the whole world is in trouble there must be
more to love than I can see
If this is love the whole world will soon be rubbled
If this is love the whole world is in trouble

They say love is sometimes happy sometimes sad
We must learn to take the good times with the bad
But there haven't been too many good times in it
You and I can't get along through fifteen minutes
If this is love the whole world is in trouble it's not what I
expected it to be
And just from what I seen I'm worried double
If this is love the whole world is in trouble
[steel]
(If this is love the whole world is in trouble)

I can really say which one of us is worst
We both tried so hard to have our last word first
When we know we're wrong nobody will admit it
If this is love I'll just as soon forget it
If this is love the whole world is in trouble I'm really just
as worried as can be
If this is love the whole world will soon be rubbled
If this is love the whole world is in trouble if this is love
the whole world is in trouble
