"It Makes You Happy"

Somehow it seems you always keep me crying I must
look my best to you and I am blue
You don't want me and I can't live without you
It makes you happy to know you make me blue
A smile on my face would be a stranger
And I cry until my heart thinks I know nothing else to do
I beg you give me just one happy hour it makes you
happy to know you make me blue
[steel]
You love me just enough to keep me hurting
And each hour of every day that's what I do
It must thrill you to know I'm a fool about you
It makes you happy to know you make me blue
A smile on my face...
It makes you happy to know you make me blue
