I've searched so long for love and understanding  
Someone to share my dreams as I grow old  
And now that I found you and held my arms around you  
I don't ever intend to let you go  
So darling love me love me that's all that I ask of you  
Just love me love me and I'll give all my love to you  
[ piano ]  
You're more to me than all the words and music  
To all the songs the world will ever sing  
And with you to walk beside me no clouds can ever  
hide me  
From the sunshine that just one smile can bring  
So darling love me love me...
