(Glenn Sutton - Ben Peters)

I look across my morning cup of coffee  
And see an angel smiling back at me  
And I think of how your lovin' seems to fit just like a  
glove  
And your disposition suits me to a T.

And nothing gives me greater satisfaction  
Than knowing that you feel the way you do  
It makes my life worth living and I get a thrill from  
giving  
All my love to you and only you.

You and me together we're a perfect match  
In each other we have found a perfect catch  
Like two ol' birds on the eggs of happiness knowin'  
they're gonna hatch  
You and me together we're a perfect match.

--- Instrumental ---

You know just what I need and when I need it  
With you contentment it wasn't hard to find  
And though we have our problems we let love and  
kindness solve 'em  
You think that we could read each other's mind.

Sometimes I think that we should start all over  
We wouldn't want to change a thing  
Through the good times and the bad ones just a few  
real sad ones  
We found happiness that only true love brings.

You and me together we're a perfect match  
In each other we have found a perfect catch  
Like two ol' birds on the eggs of happiness knowin'  
they're gonna hatch  
You and me together we're a perfect match.

You and me together we're a perfect match...
