(David Wolfert - Steve Nelson)

It's slippin' away and we don't know where  
You say it hurts too much to care at all and that's wrong  
You act like all the love is gone  
But I just keep on hangin' on somehow for now.

'Cause I've been in love  
But I've never seen this kinda love before  
And I can't throw it all away  
I know there's so much more.

Say you will take a chance on us  
I know there's a love there still  
Don't you spend a lonely life hidin' what you feel  
Just say say you will.

You've been through it all you can't try no more  
So you hide your heart and you close the door  
What for there's more  
Well I could be wrong but I think I'm right  
All we need is the strength to fight come on be strong.

'Cause I've been in love  
But I've never seen this kinda love before  
And I can't throw it all away  
I know there's so much more.

Say you will take a chance on us  
I know there's a love there still  
Don't you spend a lonely life hidin' what you feel  
Just say say you will.

Say you will take a chance on us  
I know there's a love there still  
Don't you spend a lonely life hidin' what you feel  
Just say say you will.

Just say say you will...
