Last night he called from Dallas he was havin' a beer at  
the Crystal Palace  
He said honey you won't be alone for long  
I got to make just one more stop to pick up a ring in  
Little Rock  
And I'm gonna head this semi straight for home  
Fourteen wheels a whinin' four big headlights shinin'  
Him and that semi been away too long  
Hope he don't get stop from speedin' cause I've got  
everything he's needin'  
Waitin' for him right here at home  
He's got that big ole engine singin' singin' my favorite  
song  
And I know he's headin' my way rollin' down the  
highway  
Tonight my baby's comin' home  
[ guitar ]  
Ten thousand miles I've missed him it's been a week  
since I kissed him  
And forty truckstops since I held him tight  
A million chick and he can get 'em they wanna make  
love and he won't let 'em  
The only thing he wants he'll get tonight  
He's got that big ole engine singin'...  
And I know he's headin' my way...  
I know he's headin' my way...  
I know he's headin' my way...  
I know he's headin' my way...
