We can make it the world is rough but we can take it  
Cause you're my shelter from the storm now I've got  
your love to keep me warm now  
No temptation can ever shake our love's foundation  
We're strong enough to take it we can make it  
Now we'll say goodbye to stormy weather  
Safe within each other's arms we will spend our lives  
together  
Love has found us and now it's chain is wrapped  
around us  
And no one can break it we can make it  
Love has found us...  
We can make it
