It's late and I'm waiting and by now he should be home
I've walked the floor for hours listening for the
telephone
But he's always weak with dreams so strong and I
guess he'll always be
What's made Milwaukee famous has made a loser out
of me
Though I've begged him not to go so many times
before
I've told him love and happiness can't live behind those
swinging doors
I hate to see him live this way but I just can't set him
free
What's made Milwaukee famous has made a loser out
of me
[harmonica]
Though I've begged him not to go...
What's made Milwaukee famous has made a loser out
of me
