Wishing I could see you again, dear
That the fires of love could burn once more
But I know that's just wishful thinking
And too much to be wishing for

Just thinking of how you once kissed me
Wishing that it hadn't meant goodbye
But I know that's just wishful thinking
Now I know why some people cry

I'll live my life in dreams and long for your love
It's you I'm wishing for and you I'm thinking of

My heart echoes the love words you've spoken
How I wish that I could hear them from you
Won't you answer a heart that's broken
And make my wishful thinking come true

Wishing I could see you again, dear
That the fires of love could burn once more
But I know that's just wishful thinking
And too much to be wishing for

I'll live my life in dreams and long for your love
It's you I'm wishing for and you I'm thinking of

My heart echoes the love words you've spoken
Now I wish that I could hear them from you
Won't you answer a heart that's broken
And make my wishful thinking come true
And make my wishful thinking come true
