Softly, gently, I will let you down
Cause I don't love you in the same way now
I can hold you but not with lover's arms
Cause you are more of a brother to me now
And I can lie next to you, but I can't lie to you

So walk into the sun and watch me
Run into the rain,
For you the future's easy, so don't weep, for me it's
getting
Steep

I loved you for exactly who you are,
And I'd say you've come the nearest yet by far,

And I can lie next to you, but I can't lie to you

So walk into the sun and watch me
Run into the rain,
For you the future's easy, so don't weep, for me it's
getting

Steeper and in the dark that's where I want to be
Deeper, I'm going somewhere you won't want to see...

So walk into the sun and watch me
Run into the rain,
For you the future's easy, so don't weep
Yes I will watch you,
Walk into the sun and watch me
Run into the rain drops
For you the future's easy, so don't weep
For me it's getting
Steep.
