I've been dated and waited until I was blue,  
I've been cheated, mistreated and broken in two,  
I've been lied to, denied to, till I've had my fill,  
So, if I don't get you, well, the next one will,

I've been rung up and hung up when given a lie  
I've been flattered and battered when I was just fine,  
I've been dined, I've been wined, I've been given the  
bill,

So, if I don't get you, well, the next one will

Men are all the same,  
they only wanna play a game,  
We need them still

If I don't get you, well, the next one will

'cos I've been bitten and smitten,  
It won't happen twice,  
and I've been caught out and bought out below market  
price,  
I've been nesting my best hits when dress up to kill

So, if I don't get you, well, the next one will

Men are all the same,  
there ain't a women you can blame,  
We need them still,  
If I don't get you, well, the next one will

Wooh...

If I don't get you, ooh ooh  
If I don't get you, ooh ooh  
If I don't get you, ooh ooh

Well, I've been pawed, I've bored, I've ignored all the  
signs,  
and I've been used and abused and I'm just not that  
kind,  
Your a zero, no hero, a positive nil,

so if I don't get you, well, the next one will  
If I don't get you  
If I don't get you  
if I don't get you.....  
the next one will

Yes, you  
If I don't get you  
You know that I will

If I don't get you  
You know that I will

Cos I've been dated and waited until I was blue,  
and I've been cheated, mistreated and broken in two,  
I've been lied to, denied to till I've had my fill  
So, if I don't get you, well, well, well!  
I've been rung up and hung up when given a lie,  
I've been flattered and battered when I was just fine,  
I've been dined, I've been dined, I've been given the  
bill,

So, if I don't get you, well, the next one will yeah

If I dont get you you know if I don't get you,  
no if I dont get you, yeah, the next one will
