I'm the kind of man that loves all the girls
From debutants to honky-tonk queens
I've tasted every brand, all around the world
But all I see are peaches in my dreams

I'm talkin' 'bout, I'm talkin' 'bout them southern women

It's a well known fact across the Dixie line
And if a man don't agree, I can tell you he's blind
They can drink with the best and the hell with the rest
And if she takes you home you ain't gettin' no rest

Well, I'm talkin' 'bout, I'm talkin' 'bout them southern
women
I'm talkin' 'bout, I'm talkin' 'bout them southern women
I'm talkin' 'bout, they'll love you so, slow, them
southern women
Them southern girls

They look like angels on Saturday night, oh Lord, they
got a wild side
Take you places that you've never been, make a man
come back again
Talk about mamas, southern belle, little girl learned
her lesson well
Ain't no others can cast a spell like the sweet southern
women

They can make a man feel so proud
They can capture him with a southern style
Little girl learned her lesson, well ain't no others can
cast a spell
Like the sweet southern women, them southern girls
