I hope that you been thinking about me

1 - I hope that you have been thinking of me too  
The way that I have been thinking of you  
I hope that you have been thinking of me too  
The way that I have been thinking of you

Picked up the phone to call you  
But I hung up cuz I'm so afraid  
Afraid of rejection  
Or another woman in your face

Hoping all day that you would call me  
And that you're thinking of me too  
Well in my case with the game of love  
If I played, I would probably loose  
And I

Repeat 1

I hope you're thinking of me  
And I pray every night, you love me  
I don't ever want what we have to end  
And I'll always be your friend

Don't you feel me calling from afar  
If you don't know, I've been there from the start  
As sure as my name is what it is  
You'll always have a place in my heart

Repeat 1

I hope that you've been thinking of me, hey yeah  
The way that I've been thinking of you  
And I pray every night that it's me in your dreams  
When you're sleeping, me, loving me

I really hope I'm the one that you're thinking about  
For real

Repeat 1 until fade
