Don't move, stay right where you are  
Talking can only give you away  
There's so nothing to say  
The voices say hello  
Imprisoned, they're invisible  
We look at lot alike, we look a lot alike  
This is boring, all we talk about is you  
Come on give me a reason

A boy and his machine gun

When you're finished struggling  
Are you free tonight?  
Did they stick you in here cause  
You weren't working right?

Don't move, stay just like you are  
You look sane motionless like that  
So very flat  
It's amazing what velocity can do  
When human beings are in season

A boy and his machine gun  
If you're quiet we might see some

When you're finished struggling  
Are you free tonight?  
Did they stick you in here cause  
You weren't working right?

There's a TV in every room  
And it's free, even pay-per-view  
Which you'll need if no one's going to visit you  
Animal, fucking animal

I know who you're waiting for  
No one's coming though

So fuck you and your principles  
Fuck whatever made me  
Perhaps you think I'm evil

What does it matter if we're crazy?  
Fuck you and your principles  
Fuck whatever made me  
Perhaps you think I'm evil  
What does it matter if we're crazy
